

Chimp Haven  
2010  
ANNUAL  
REPORT

# CHIMP HAVEN MISSION

To provide humane care for chimpanzees that have been used for biomedical research, or other purposes, and which are no longer used for those purposes.

To provide large, enriched and permanent housing for these animals in accordance with all state and federal regulations pertaining to the care and housing of these nonhuman primates.

To provide noninvasive research opportunities on the behavior and biology of chimpanzees and to disseminate this information to others in publicly available formats.

To educate the public about these endangered nonhuman primates and the needs for conservation in the wild and protection in captivity.

# Message from the CHAIRMAN, BOARD OF DIRECTORS

I am pleased to report that 2010 was an exciting and productive year. We opened the new veterinary clinic, which greatly enhances our capability to provide the highest level of medical care to the chimpanzees. We now have three dedicated health care facilities, complete with radiographic, surgical, ultrasound, dental and anesthetic equipment. Also, Dr. Raven Jackson became Chimp Haven's veterinarian in August. She has already made many improvements to the program, and we are delighted to have her.

The most exciting event in 2010 is Chimp Haven's celebration of its 15th anniversary as an organization. We started with nothing more than a passion and an idea in 1995; today, we care for 130 chimpanzees in a world-class facility. We are so thankful to all the individuals and organizations that helped us get here. If you have not visited us, please make plans to do so.

On behalf of the Board, I want to thank the Chimp Haven staff for their dedication and hard work, not only this past year, but throughout Chimp Haven's years of operation. They provide excellent care for the animals. On a personal note, I want to thank the members of the Board for their strong support and efforts.

Sincerely,

A handwritten signature in black ink that reads "Thomas M. Butler".

**Thomas M. Butler, D.V.M., M.S., DACLAM**

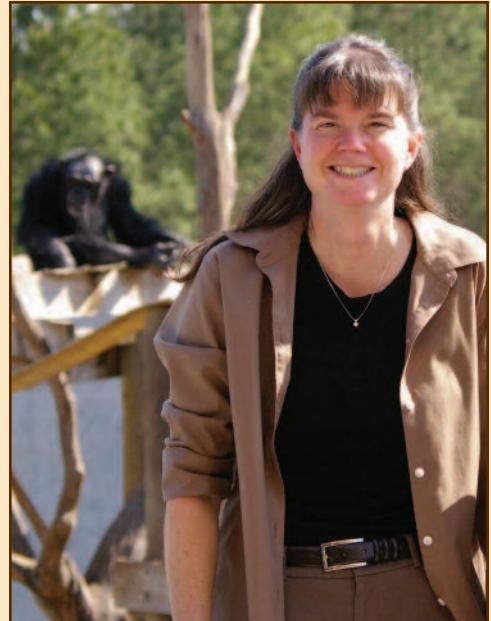

# Message from the PRESIDENT

Dear Friend,

This was an amazing year for Chimp Haven! Not only does 2010 mark our 15th Anniversary, it is the fifth anniversary our first chimpanzees' arrival in 2005. This is a great time to reflect on our accomplishments and look forward to the future.

After our establishment in 1995, Chimp Haven took several years to build a strong organization and leadership. Once we gained momentum, there was no looking back! We built a world-class facility in the forests of Northwest Louisiana in only a few years and began receiving chimpanzees retired from biomedical research as soon as housing was available. Chimp Haven's staff orchestrated the exceedingly complex process of chimpanzee arrival, healthcare and group formation as group after group of chimpanzees arrived. The maintenance department faced many unique challenges, as the facility was carved out of remote forest. Our administrative and development programs also had to expand swiftly to meet the growing needs of the chimpanzees and the care staff.

Our many accomplishments over the years include:

- Leadership made up of national experts in chimpanzee care
- Creation of a unique facility with multi-acre forested habitats
- Retirement of 169 chimpanzees – most coming from biomedical research facilities
- Selection by the federal government to operate the National Chimpanzee Sanctuary System
- International accreditation through AAALAC, Int.
- Education programs for students of all ages
- Scientific studies of chimpanzee behavior

This year is no less impressive. With the help of the Sansom Foundation and many individuals, we have completed the Donald G. Hilker Memorial Veterinary Clinic. We have also opened the Cheryl E. Kantor Conference Center and completed, with the help of public and private funding, two chimpanzee outdoor play yards. Coypu Village, providing housing for our education interns, has been finished with support from the Coypu Foundation. The year has closed with the arrival of 16 new chimpanzees retired from biomedical research.

Your support over the years has made all this possible. I look forward to working with you in the future to help more chimpanzees in need.

Thank you,

A handwritten signature in black ink that reads "Linda Brent". The signature is fluid and cursive, with "Linda" on the top line and "Brent" on the bottom line.

**Linda Brent, Ph.D.**

*President and Director*

# CHIMP HAVEN

# 2010

## Milestones over the past 15 Years

Two thousand ten marks a special year for Chimp Haven, Inc. Fifteen years ago, Chimp Haven was founded, and five years ago, we celebrated our first anniversary. We now have 169 chimpanzees. A significant number of them have shown marked improvement in their physical and mental health. They are living longer and more comfortably than ever before. They have found new freedom. Through the support of donors, board of directors, volunteers, and staff, Chimp Haven has grown from a small facility in Texas to a large, modern, state-of-the-art facility in Louisiana. We are currently building an education center.

1995	1997	1999	2000	2002	2003
Chimp Haven, Inc. was founded in Texas		Chimp Haven convened a workshop to design the new facility	Caddo Parish, Louisiana donated 200 acres to build Chimp Haven		Construction began on Chimp Haven's facility
The Institute of Laboratory Animal Resources recommended a five-year chimpanzee breeding moratorium and supported the concept of sanctuaries to solve the surplus research chimpanzee crisis				Chimp Haven was awarded NIH contract to run the National Chimpanzee Sanctuary System	see

years ago we received our first chimpanzees. Since then, Chimp Haven has provided a permanent sanctuary for over health. Behaviors normally seen in the wild are emerging from the sanctuary chimpanzees once they adjust to their own into a world-class facility. With continued support, we hope to expand to accommodate more chimpanzees and

2004	2005	2007	2008	2009	2010
n y	First chimpanzees arrived at Chimp Haven	Henry, Chimp Haven's first pet chimpanzee, was rescued		Little Fork and Fire Rescue donated ambulance	
Construction commenced on the second phase of Chimp Haven's facility	Chimp Haven's education program, Classrooms that C.A.R.E., began; Tracy was born; Chimp Haven is Home Act was passed			Chimp Haven provided care for 129 chimpanzees; 8 employees celebrated 5+ year service awards; Consulting Physicians program was established; two play-yards in Phase 2, the Donald G. Hilker Memorial Veterinary Clinic and the CE Kantor Conference Room were completed	

# 15 Years Ago

When the government recognized the need for long-term care for chimpanzees, a philosophically diverse group of individuals representing the primatological, pharmaceutical, animal protection, zoo and business communities was already envisioning the creation of a model sanctuary for retired chimpanzees. The group incorporated as Chimp Haven Inc. in 1995.

# 10 Years Ago

In 2000, the Caddo Parish Commission in Northwest Louisiana donated 200 wooded acres of the Eddie D. Jones Nature Park to Chimp Haven to build the new facility. In the same year as the land donation, the United States Congress passed the Chimpanzee Health Improvement, Maintenance and Protection (CHIMP) Act. The CHIMP Act authorized the establishment of a sanctuary system for chimpanzees retired from medical research. Congress mandated that the National Institutes of Health implement the CHIMP Act. Chimp Haven submitted a competitive proposal to the National Institutes of Health to run the National Chimpanzee Sanctuary System and was awarded the contract in 2002. Generous donations made by the National Anti-Vivisection Society, William Robinson, and many other individuals and organizations enabled us to move forward with construction which began in November, 2003.

# 5 Years Ago

The first chimpanzees to arrive at Chimp Haven in April 2005 were Rita and Teresa. They were soon joined by dozens of other chimpanzees who had spent up to four decades in biomedical research. While they previously had little freedom of choice, the new residents could now choose how they wanted to spend their day - exploring the forest, sleeping inside in a nest, socializing with others or spending time by themselves. Shortly after the first chimpanzees arrived, Chimp Haven also established an education program including Chimpanzee Discovery Days and Classrooms that Care.

In 2007, the Chimp Haven is Home Act was passed. This law closed a loophole in the CHIMP Act, prohibiting chimpanzees retired from medical research to be returned to laboratories.

Chimp Haven also celebrated an unexpected birth in 2007. Tracy, the product of a failed vasectomy, was born. She keeps life exciting for her group and the staff at Chimp Haven.

# 2010

In 2010, Chimp Haven opened the Donald G. Hilker Memorial Veterinary Clinic, which provides specialized pathology facilities. Through the generosity of local physicians, we also established a Consulting Physicians program, in which physician specialists donate their time to diagnose and treat chimpanzees.

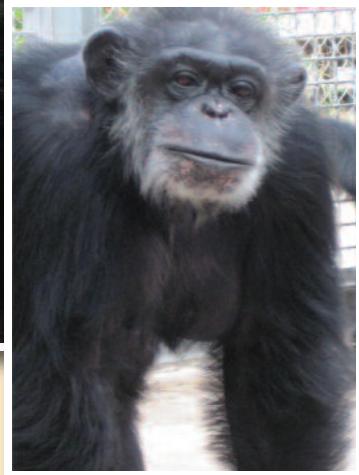

Chimp Haven staff is joined by the Sansom Foundation Trustees and Donald Hilker's family for the ribbon cutting ceremony of the Donald G. Hilker Memorial Veterinary Clinic.

This year eight of our employees received 5+ year service awards. These individuals have worked tirelessly to provide the best care for our chimpanzees.

Chimp Haven celebrated its 15th anniversary at the October Chimpanzee Discovery Days. The festivities included a marching band, colorful signs, and delicious treats for the chimpanzees!

Several new chimpanzees arrived at Chimp Haven in 2010. Join us in welcoming Barbara and Joy!

Chimp Haven received a Foundation grant from Coypu Foundation which provided us with on-site housing for interns. We also completed construction on the Cheryl E. Kantor Conference Room provided by the Cheryl E. Kantor Trust.
