Chimpanzee Checklist

Chimp Haven's husbandry team uses checklists to make the most of each day with the chimpanzees. By following routine schedules the team ensures each task in their day is complete. Like people, chimpanzees have routines. Review a sample chimpanzee checklist, then create your own for a bedtime routine!

Chimpanzee Bedtime Checklist:

- Take a sip of water.
- Patrol the habitat.
- Groom a friend.
- Give a pant-hoot to the troop to tell them goodnight.
- Find the perfect bedtime spot.
- Create a cozy nest with blankets and hay.
- Settle in, and sleep!

How are your list and a chimpanzee's list similar? How are they different?
