

# Morning Observations at Chimp Haven

Help Chimp Haven's veterinarian tell a story about her day by filling in the blanks!

Every day is a/an **(noun)** \_\_\_\_\_ at Chimp Haven. First, I stop to say **(a greeting)** \_\_\_\_\_ to the chimpanzee troop outside of my **(place)** \_\_\_\_\_. Henry, Juan, and Midge give me a **(adjective)** \_\_\_\_\_ welcome, and then I start my day! Next, I grab a bottle of **(liquid drink)** \_\_\_\_\_. The chimpanzees love **(flavor)** \_\_\_\_\_, so they'll be excited to see my **(color)** \_\_\_\_\_ bottle. Now I'm ready to start my chimpanzee **(noun)** \_\_\_\_\_. While most of the chimpanzees rush over to receive their **(flavor)** \_\_\_\_\_ flavored **(liquid drink)** \_\_\_\_\_, some chimpanzees do not want to be disturbed. There are more than **(number)** \_\_\_\_\_ chimpanzees in the colony, so I spend time saying **(a greeting)** \_\_\_\_\_ to the troops. Building relationships is key! After a long day of pant-hoots and **(liquid drink)** \_\_\_\_\_ squirts my **(noun)** \_\_\_\_\_ are complete! The **(adjective)** \_\_\_\_\_ part of each day is observing the chimpanzees live the Chimp Life.
