

Taffy

B-Day: 10/24/1999

Taffy is a strong girl who's not afraid to stand her ground around rough-and-tumble boys. She's a great friend to her groupmates, but she can rival any chimp in the sass department. If a groupmate decides to show off with a loud display a little too closely? She might toss a plastic toy shovel at their head. But then she'll invite some pals to go on a nice patrol walk.

Baby

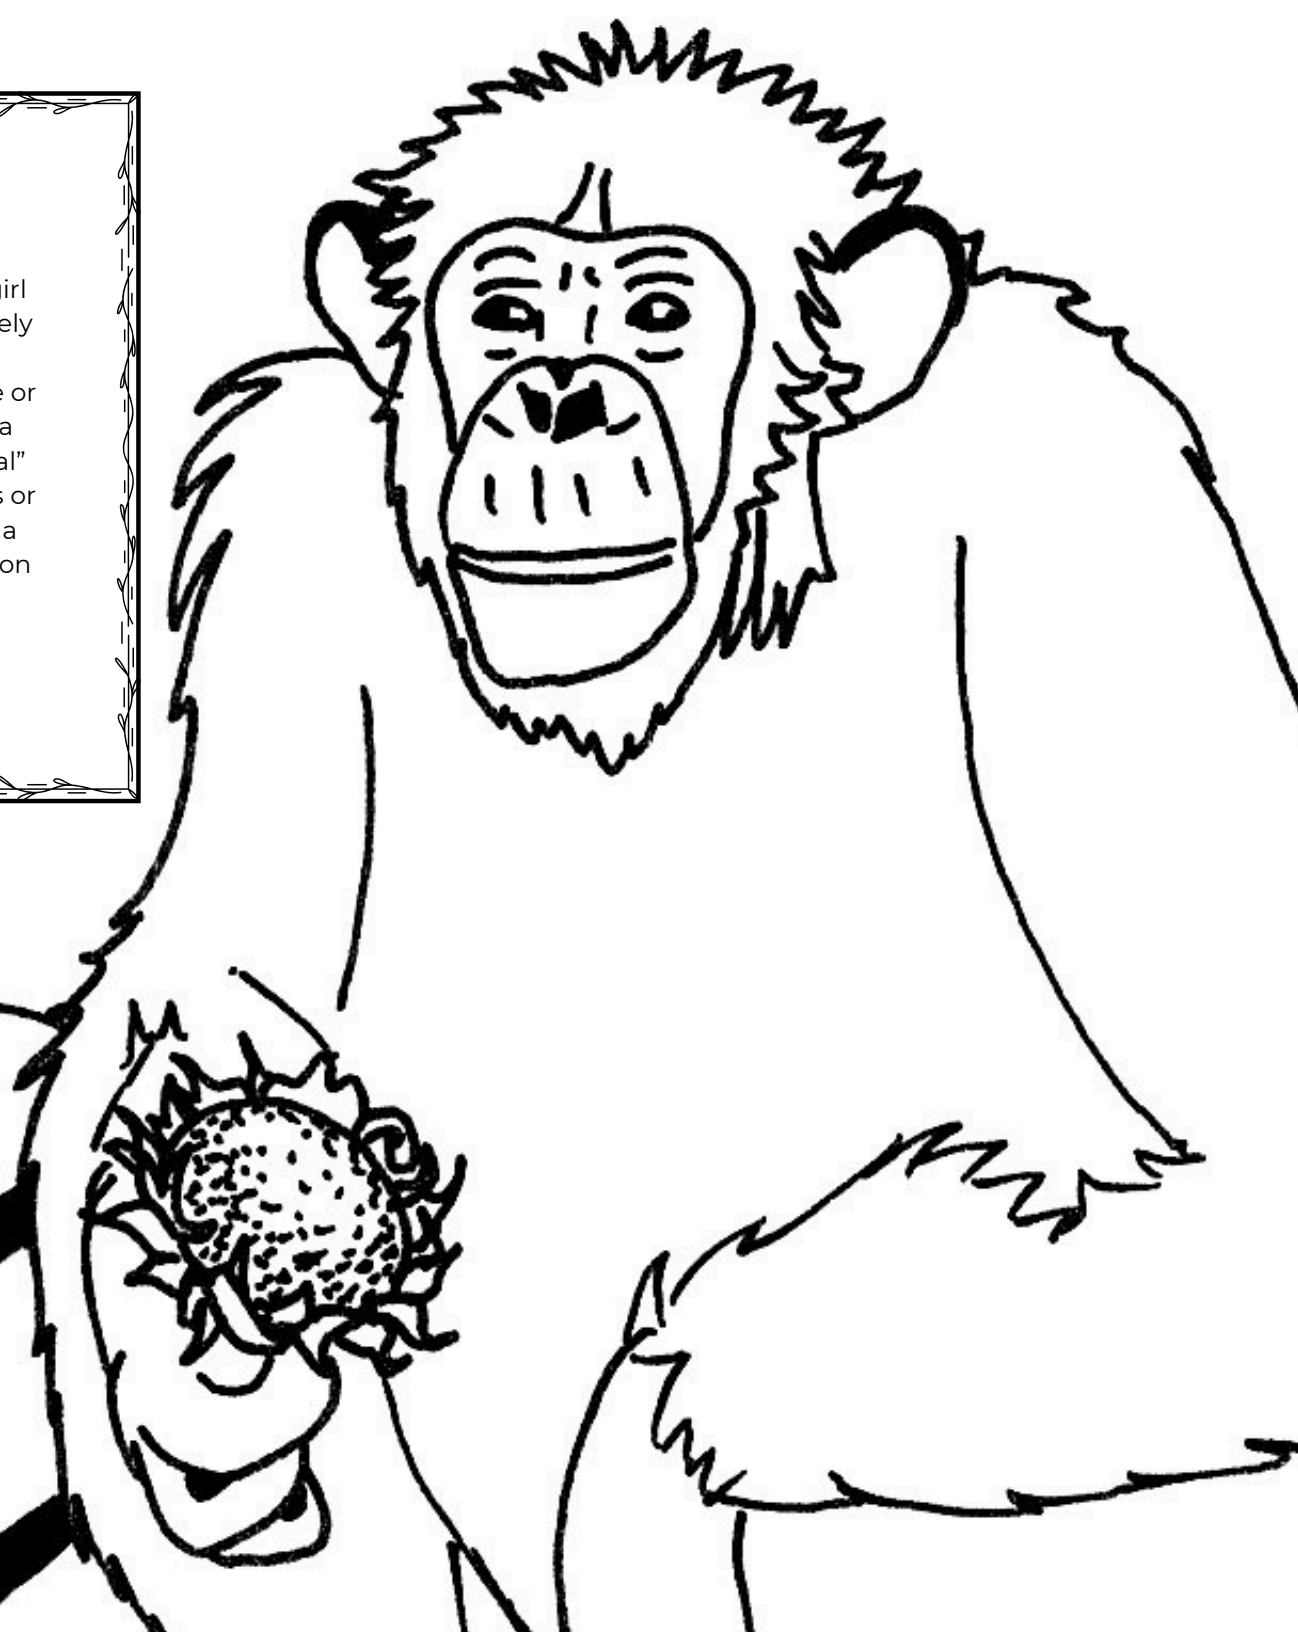

B-Day: 4/6/1993

A member of Slim's group, Baby is a perfect girl. Never causing trouble and always cooperative in her care, she really is just a baby (a 90's baby, that is). With her sleek black hair always perfectly groomed, it's no wonder she's considered one of the prettiest girls in her group.

Maxi

B-Day: 7/20/1987

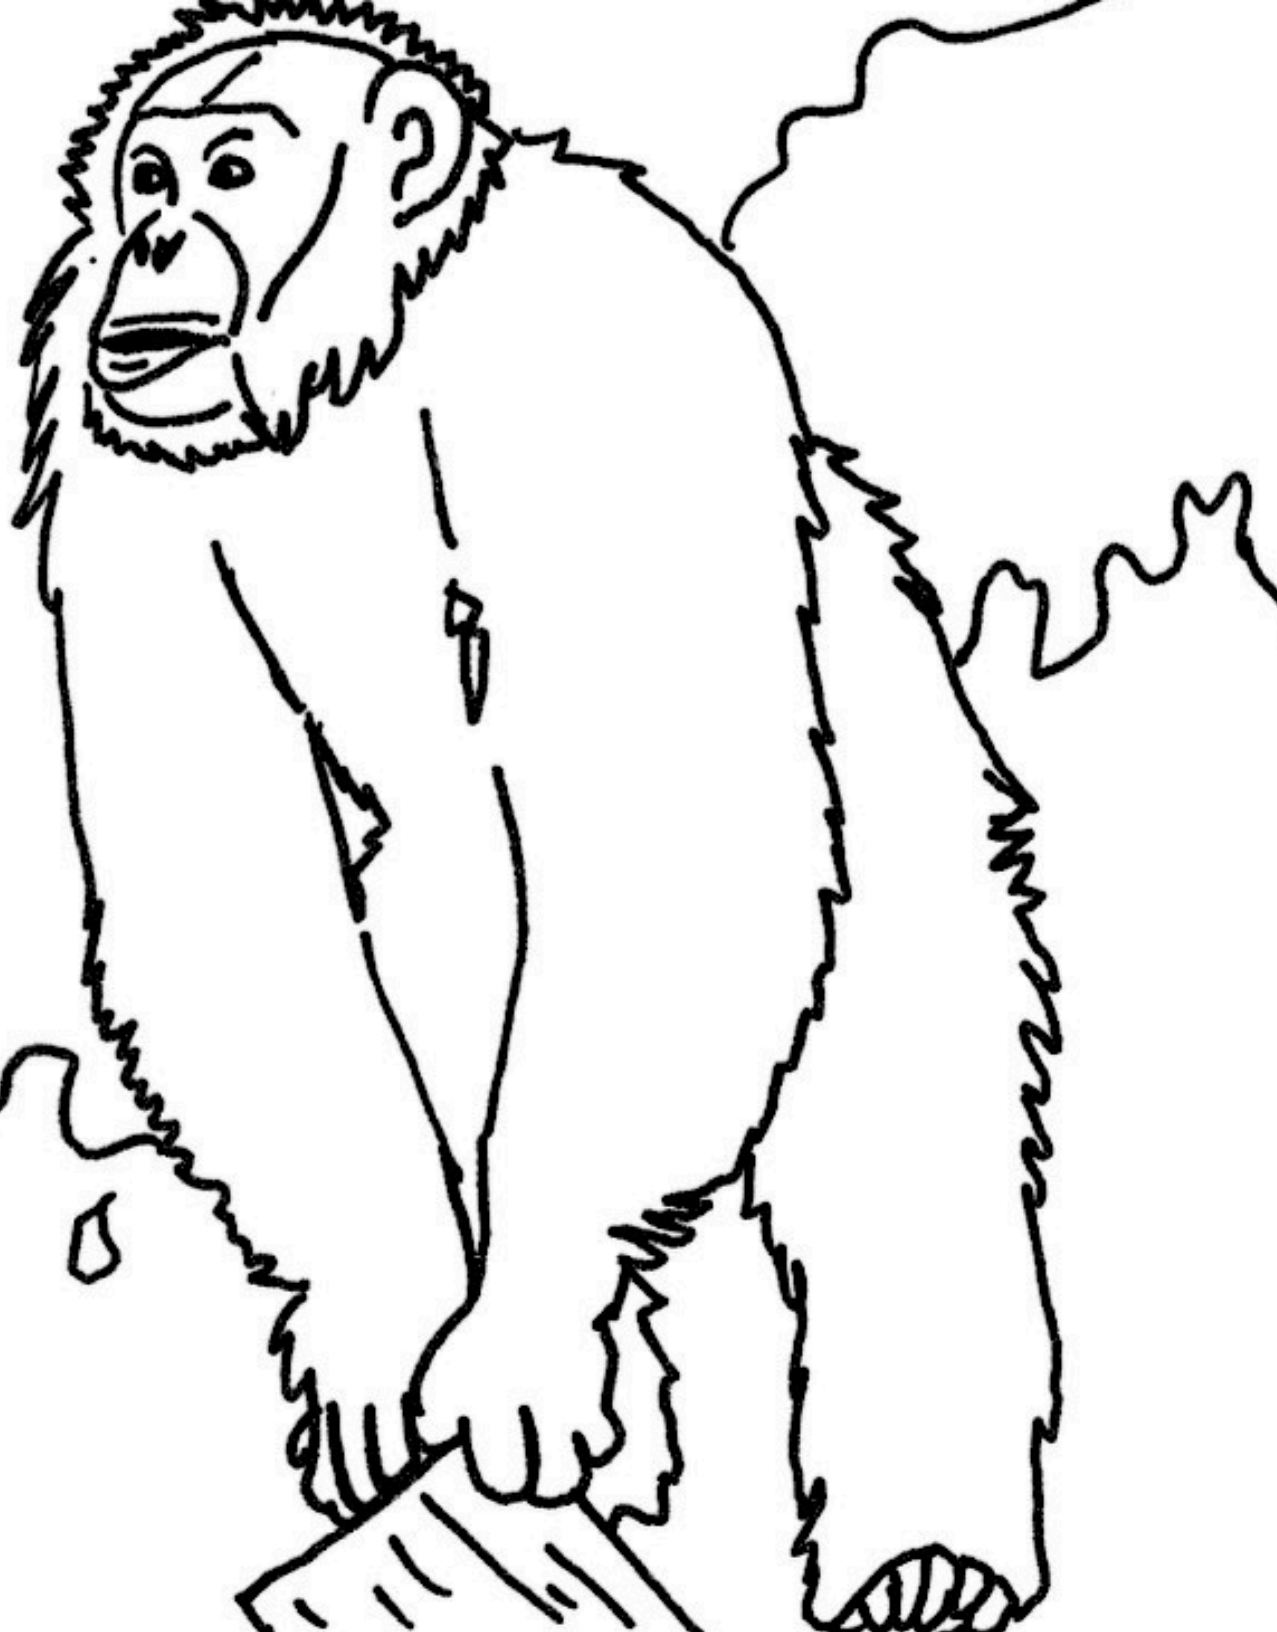

Smarty-pants Maxi is an inquisitive girl with a bold personality. She's extremely intelligent and loves toys (she can always be seen carrying around three or four of her favorites). She's also got a mischievous streak, and likes to "steal" items and either craft them into tools or convince her caregivers to offer her a trade. This lady keeps her caregivers on their toes!

Henry

B-Day: 1/1/1985

Chimp Haven's only former pet, Henry, was found in a garage where he had lived in deplorable conditions for 15 years, severely underweight and almost completely bald due to malnutrition. Today, he is healthy and has overcome many of the struggles that coincide with transitioning from life as a pet to greater freedoms that Chimp Haven provides.

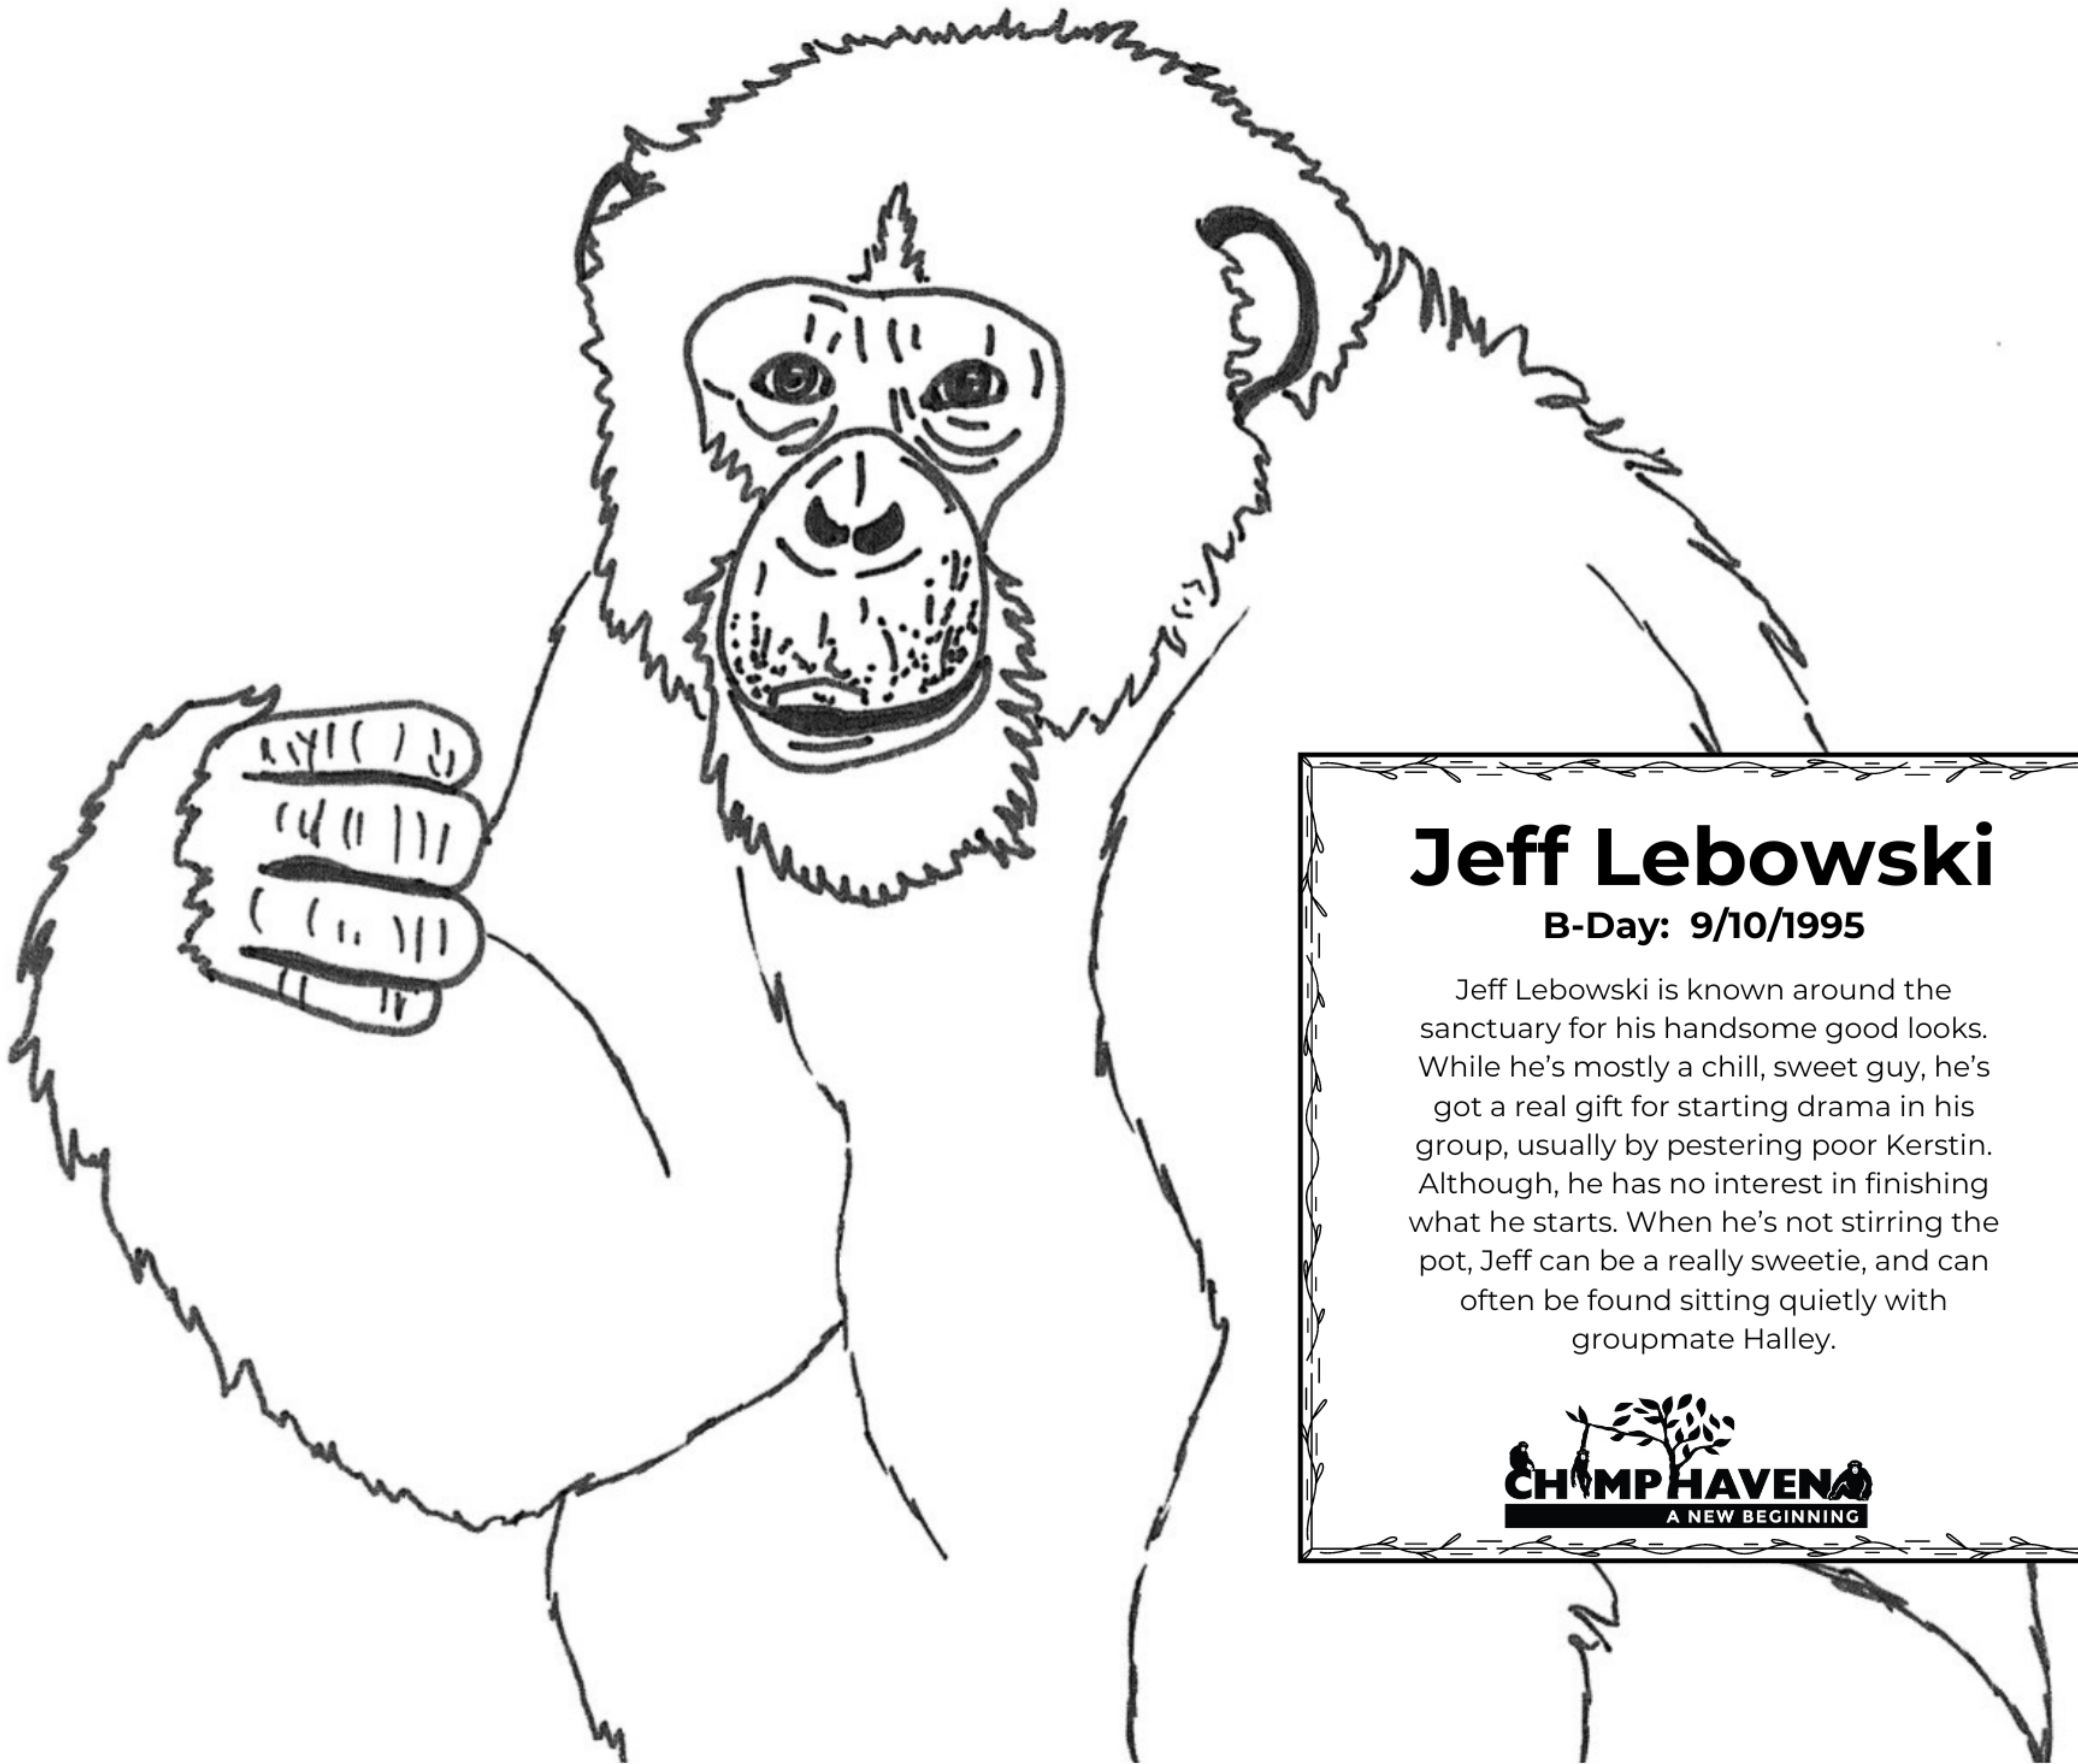

Riley

B-Day: 6/14/2011

Riley came to the sanctuary as a youngster, and he's now the budding alpha of his otherwise all-female group. He often acts as though he's a tough guy and is also very inquisitive, which makes him a perfect participant in positive reinforcement training. He's so confident in his role, he even takes the liberty of trying to be the alpha of his neighbors' groups as well!

Jeff Lebowski

B-Day: 9/10/1995

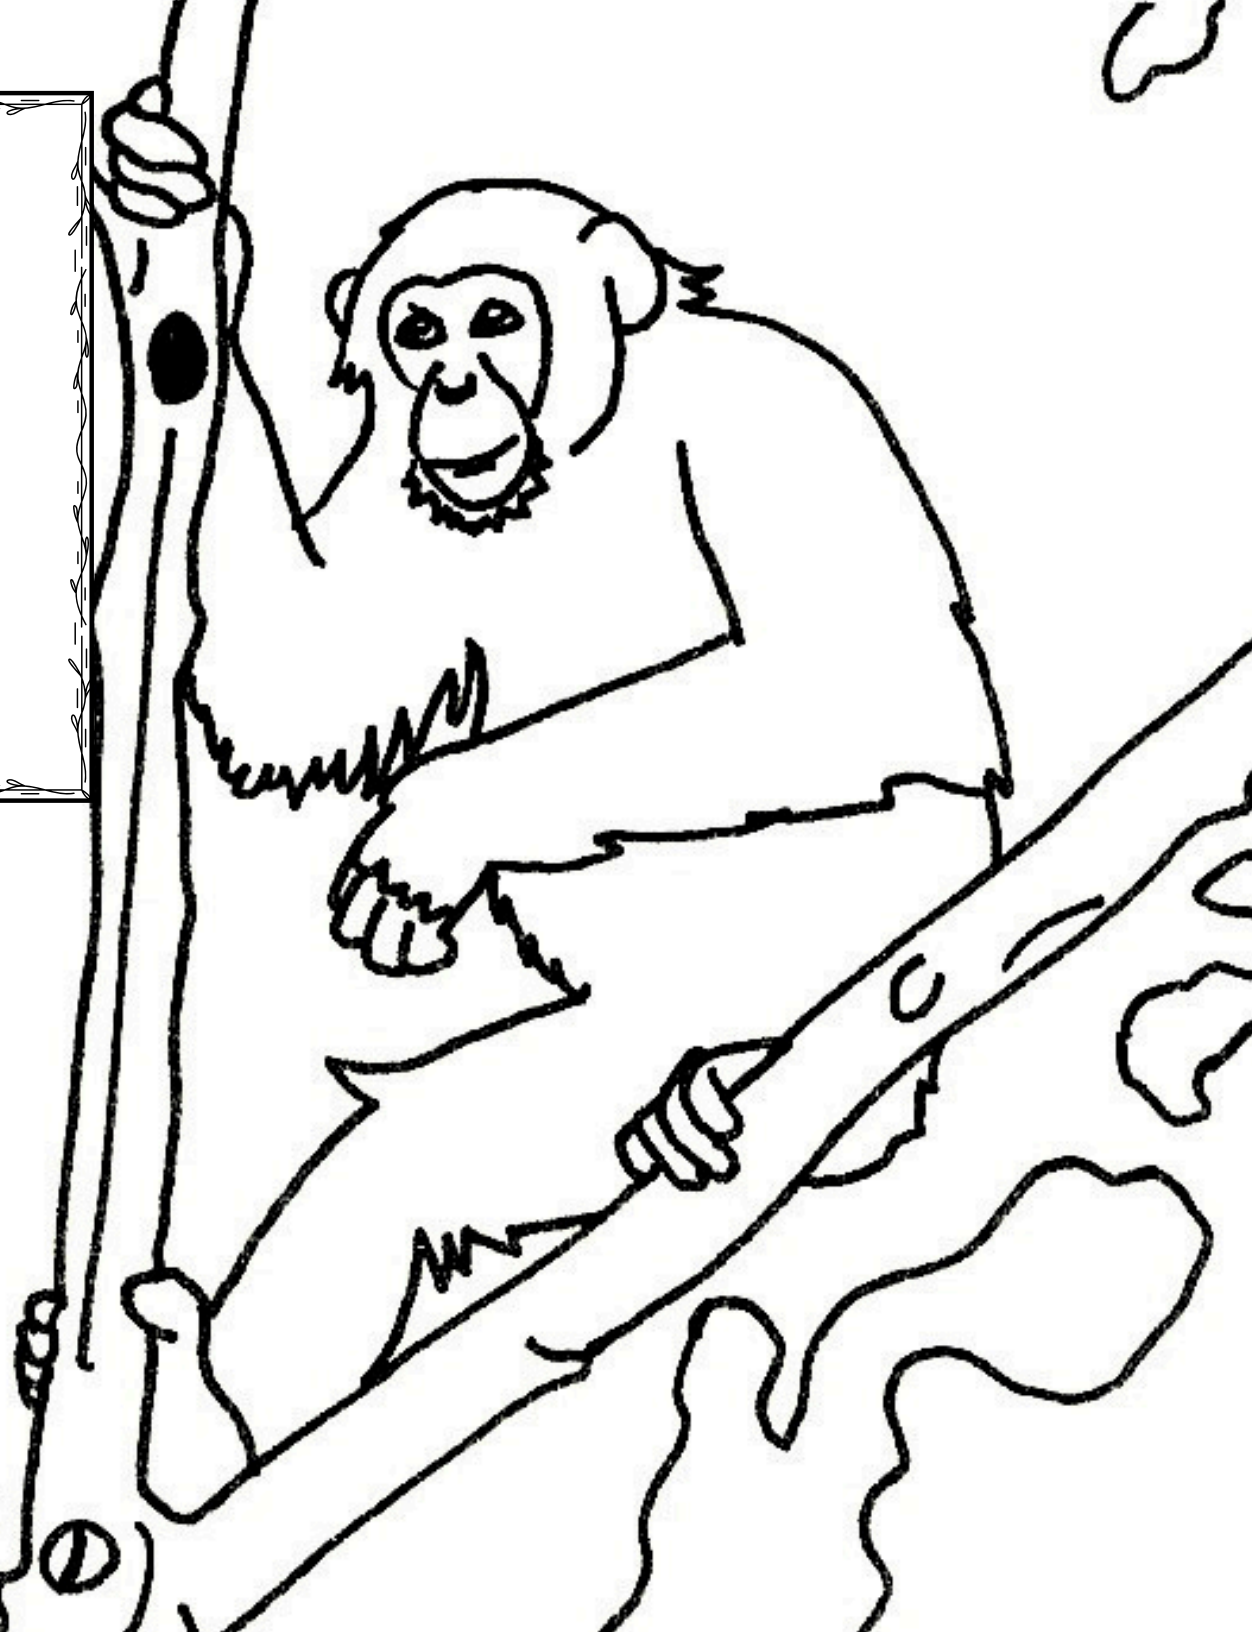

Jeff Lebowski is known around the sanctuary for his handsome good looks. While he's mostly a chill, sweet guy, he's got a real gift for starting drama in his group, usually by pestering poor Kerstin. Although, he has no interest in finishing what he starts. When he's not stirring the pot, Jeff can be a really sweetie, and can often be found sitting quietly with groupmate Halley.

Carlee

B-Day: 1/14/2017

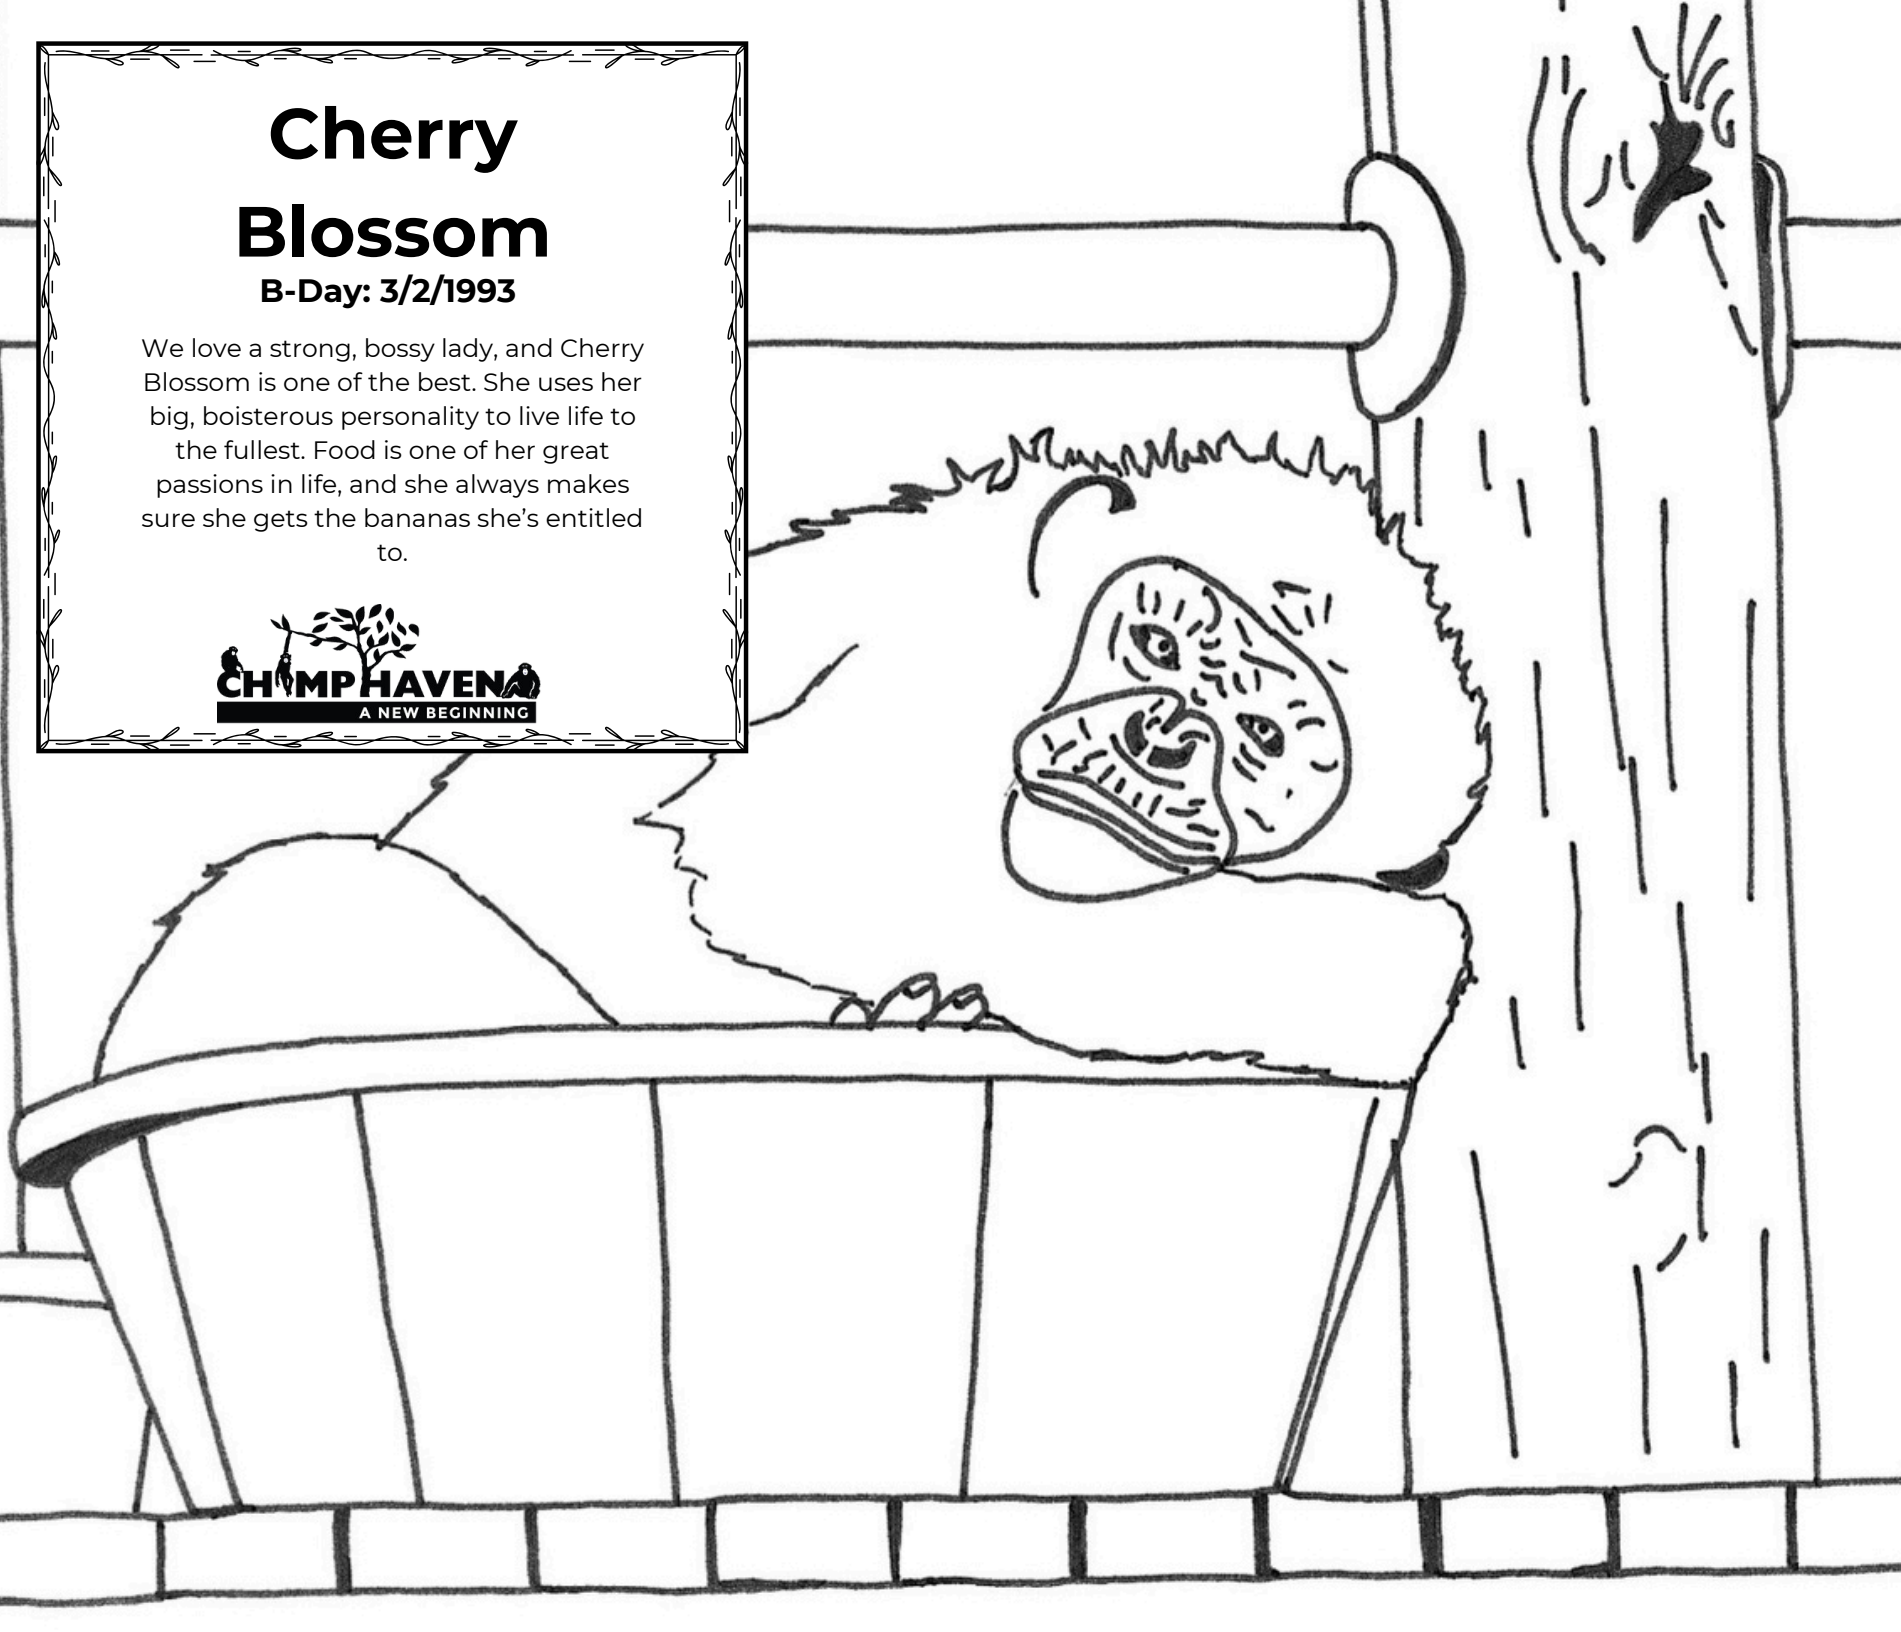

Carlee is the youngest resident at Chimp Haven, and the daughter of Passion and Mason, the group's alpha. She grows stronger, feistier, and more independent every year, but she will definitely pull the "baby" card whenever she can. And when you're as cute as she is, you can get away with just about anything! More often than not you can find her playing with Valentina Rose, one of her closest pals.

Cherry Blossom

B-Day: 3/2/1993

We love a strong, bossy lady, and Cherry Blossom is one of the best. She uses her big, boisterous personality to live life to the fullest. Food is one of her great passions in life, and she always makes sure she gets the bananas she's entitled to.

Angela

B-Day: 5/28/1981

Sweet, endearing Angela is an older "auntie" figure who loves food and relaxation. Her rowdy nephew, Riley, likes to liven up the days by keeping her and the other ladies on their toes. When Angela was introduced to one of Chimp Haven's corrals, she made everyone proud by climbing up to the very top of the highest platforms, showing everyone that even an auntie still has some tricks up her sleeve.

Flora

B-Day: 5/17/1982

Flora was named “Chimp You’d Most Like to Have as a Mom” and it’s no mystery why: She’s a wonderful, nurturing mother and groupmate. She’s very in tune with her daughter, Valentina Rose, and never likes to be too far away from her. She’s attentive, smart, and a great teacher during enrichment, but she’s also quick to discipline when Rosie gets out of line!
